154th Annual Winter Conference

Working in social services, no matter the position, means we are making a difference in countless lives. By helping individuals and families, we also impact society as a whole. This is meaningful and challenging work. On a local level, we see the issues close-up. We understand the interconnectedness of people and how to navigate this complex system. This proximity enables us to think creatively and observe the results of our efforts. Through public service, we can enhance the quality of life in our communities. Our collective well of knowledge on both a local and state agency level is formidable. The NYPWA Winter Conference is an opportunity to show what we know and how we can all make a difference.

We are seeking proposals on Temporary Assistance, Housing, SNAP, Employment, Children's Services, Adult Services, Child Care, Fiscal, Legal, Child Support, Medicaid Enrollment, Long Term Care, Staff Development, Leadership, and Technology. Complete the fillable form on-line or email your suggestions to us. If you prefer to present on a panel, we will assemble other experts to join you.

Proposals will be reviewed by our conference committee and selected based on their quality and interest level. Early submissions are encouraged and will receive a prompt response.
