Social services administrators met the demands of the past year by nimbly adapting to the ever-changing circumstances they encountered on a daily basis. Agility and adaptability are vital skills. Versatile leaders exist at every level of local district operations and serve as a source of inspiration in challenging times. Our conference will highlight this inspired leadership. Learn how districts continue to serve the public, despite intense difficulties, by tapping into their collective intuition and flexibility to achieve successful outcomes.

• **Submit a Workshop Proposal** •

We are seeking proposals from state agencies, local districts, and plenary speakers on topics in the areas of Temporary Assistance, Housing, SNAP, Employment, Children's Services, Adult Services, Child Care, Fiscal, Legal, Child Support, Medicaid Eligibility, Long Term Care, Administration, Staff Development, Management, and Technology for LAN administrators as well as for Program Directors.

We welcome your ideas. You can complete the fillable form on-line or email your suggestions to us. If you would prefer to present as part of a panel, we will work to assemble other experts to join you. Proposals will be reviewed by our conference committee and selected based on the quality and level of interest in the topic.
